

Production Spec Sheet

Bar sign · Signature cocktails

EVENT	EVENT DATE	DUE ON SITE
Garden wedding (example)	Sat, Jun 19, 2027	Tue, Jun 15, 2027
VENUE · SETTING	QUANTITY	FABRICATOR
Tented reception, northern New Jersey · Tent	1	Acrylic and sign fabricator

1	What material is being used?	Clear acrylic, 1/4 in (6 mm) Cast acrylic with polished edges. Protective film stays on both faces until install. WEIGHT About 9.3 lb (4.2 kg) before cut-outs		
2	What are the finished dimensions?	24 in × 36 in (610 × 914 mm) Arched top on a straight base · Bleed: 1/8 in beyond the cut line		
3	How is it being fabricated?	UV print, CNC route PRINTED FACE Back face, read through the material (second surface) UV-printed on the back face so the ink sits behind the acrylic, then CNC-routed to the arch using registration marks. Fabricator to confirm the order of steps.		
4	Does the artwork require contour-cut paths?	Yes Arch and base as one closed path, on a layer named CUT, hairline stroke.		
5	Are elements printed, layered, dimensional, engraved or applied?	PRINTED Menu text and illustration in a custom olive ink matched to the paper suite, with a spot white layer behind all artwork. APPLIED Gold mirror acrylic monogram, 1/8 in, laser-cut and set on the front face with clear acrylic adhesive.		
6	How will the piece stand or mount?	Freestanding feet or base Two clear acrylic slot feet, 6 in deep with a 1/4 in slot. Stands on the bar top; bar depth to confirm with the planner.		
7	What files does the manufacturer need?	■ Vector PDF or AI, 100% scale ■ Fonts outlined ■ Cut path on its own layer ■ White ink on its own layer ■ Artwork mirrored ■ Images at printer's resolution ■ Bleed included ■ Color reference ■ Client-approved flat proof		

BEFORE PRODUCTION	INSTALL, PACKING AND CARE
CONFIRM · Q6 A large freestanding piece in a tent: check stability in wind and the base footprint.	Pack flat in foam with the corners protected. On site, peel the protective film, then clean with an acrylic-safe cleaner and a microfiber cloth, never an ammonia-based glass cleaner.
